

Quality - Safety - Environment

LNE Certification Quality, Safety & Environment

ADVANTAGES OF THREE-IN-ONE CERTIFICATION

By opting for QSE certification you will:

- > Simplify the running of your quality, safety and environment management systems
- > Improve the efficiency of your processes
- > Reassure your customers by demonstrating your ability to control environmental, economic and health risks
- > Mobilize your staff around one unifying project
- > Reduce your audit budgets thanks to optimized certification.

With QSE certification, integrate three standards in one system

Quality: ISO 9001 and its four goals

- > Enhance your company's image and satisfy your customers
- > Demonstrate the efficiency of all your processes
- > Develop a quality organization focused on customer satisfaction
- > Increase staff involvement in your company's objectives

Safety: OHSAS 18001 - ILO-OSH

- > Preserve health and safety in your company
- > Control risks and dangers
- > Underline your commitment to protecting the health and safety of your staff

Environment: ISO 14001 and its four goals

- > Minimize your company's impact on the environment
- > Demonstrate that your company is organized to respect the environment
- > Reassure your customers, partners and investors
- > Ensure good relations with local residents, councillors and local authorities

By combining these three reference standards in one integrated management system, you will:

- > Ensure consistency
- > Improve efficiency
- > Respect the interests of all parties involved
- > Optimize your internal and external audit costs

The choice is yours

LNE will perform an audit of your organization to all three of these reference standards or will provide certification you have not already obtained.

Quality - Safety - Environment

LNE Certification Quality, Safety & Environment

ADVANTAGES OF THREE-IN-ONE CERTIFICATION

Benefits of working with LNE

When you apply to LNE for QSE certification, you will work with:

- > An expert in certification (management systems and products)
