LNE, French testing and certification body, will present its range of services to MEDICA in Düsseldorf, Germany

LNE will be taking part in the MEDICA international trade fair in Düsseldorf, Germany, from 18 to 21 November 2009 and looks forward to meeting you at booth 17D23B.

LNE sales managers will provide medical device manufacturers with full information on product certification on worldwide market, including Europe, The United States (where the LNE decided to establish its subsidiary: G-MED NA based in Washington D.C.), Canada, Taiwan, Australia, New Zealand, Japan, Brazil (for electro medical devices) and more with the CB Scheme recognition. They will also display the service concerning audits, inspections and gap audits.

LNE/G-MED, exclusively dedicated to medical devices, offers its services in the following fields:

- ISO 13485 (certification of Quality Management Systems), ISO 15378, ISO 15189, EN 15593, sterilization process (EN 550 – EN ISO 11137 – EN ISO 17665), Quality Safety Environmental system: ISO 9001 – ISO 14001 – OHSAS 18001;
- CE marking (complete range of services in the framework of the EU Regulation);
- CMDCAS program (certification under Canadian accreditation for a full recognition);
- Third party inspection body according to the US QSR;
- Intra-company training on the European regulation and its current evolution.

LNE sales engineers will also be pleased to inform medical establishment representatives and manufactures about the Laboratory's measurement, testing and technical analysis services, particularly in the field hospital equipment, medical air and temperature gas.
